If you have any questions, just let us know.

Happy sewing,

Maree & Jacqueline

1 - REQUIREMENTS

1. Note Book & Pen
2. Kwik Sew Pattern 3553 - PJ's or similar PJ pattern
3. Sufficient Fabric for PJ's – refer to the reverse side of pattern for fabric requirement guide for your size or Step 1 – Size & Pattern module in the course.
Note: If using Kwik Sew Pattern 3553 ensure you purchase 'woven' fabric not stretch. Refer to your pattern for suitable fabrics.
Tip 1: Take note of the width of the fabric and purchase accordingly.
Tip 2: I recommend pre-washing pure cotton and cotton blends prior to cutting.
4. X5 Buttons for PJ jacket
Tip 3: Look for detailed buttons to make a fashion statement e.g. a button of each colour featured in the fabric print, fabric covered buttons, character or themed buttons.
5. Sewing box/basket or sewing bag to keep your sewing things tidy
6. Sewing Machine Needles – Universal size 80 for medium weight fabric
7. Sewing thread to match your fabric colour – Gutermann is a great quality brand
8. Pins
9. Scissors
10. Tape Measure
11. Tailors Chalk or water soluble fabric marking pen
12. 3mts of tracing Vilene – used to trace your pattern size when using multi-size patterns.
13. Iron-on lightweight interfacing
14. Non-roll waist Elastic – width 20 or 25mm
15. Sampler fabric / scrap to practice your stitching on the sewing machine
16. OPTIONAL: Double sided satin ribbon to tie a bow at the front waist of your PJ bottoms

COURSE MODULE LINKS
